f a marvelous fu-

ture, situated on the shore of Puget Sound, an inland sea on which the greatest ships in the world ride with ease. Behind it, stretch wide fields of wheat and two hundred billion feet of lumber clothe its hills.

The Exposition will aim principally to exploit the hitherto unknown resources of Alaska and the Yukon territory, a country so far famous principally for gold and silver. The Northland has produced \$180,000,000 worth of gold since the Klondike rush, and there is much more in sight. It has been found in recent years that grains and grasses and vegetables thrive in the river valleys, and it is declared that the country will support a population of 10,000,000 when more railroads are built.

The Exposition will aim also to bring together in trade the shores of the Pacific. Across the sea there live nearly a billion people, who might use many times the quantity of American goods they annually consume. These people produce much that America profitably could buy, and the western world's fair will bring together buyer and seller. That this may be done better through an interchange of exhibits at an international exposition than in any other way there is no room for doubt. Ohio manufacturers would profit immensely by a showing of their goods at the western fair of 1909.

The Exposition has chosen an excellent site in the campus of the University of Washington, a tract of land on the shore of Lake Washington, within the city limits and distant 20 minutes' ride by street car from the business section. The grounds have been platted by John C. Olmstead, a nationally famous landscape gardener, who has proclaimed them excellently adapted to the purpose for which they were chosen.

The exposition management has decided already that the stately exhibit palaces, which have been constructed of staff at earlier fairs, shall be of permanent construction at the Alaska-Yukon-Pacific Exposition, so that afterwards they may be used as recreation hills and dormitories by the University of Washington. The privilege is extended the several states to build substantial structures, which will be taken care of by the University after the fair, and stand as memorials.

Visitors in Seattle during the fair period and before that time may be assured of a hearty welcome from the members of the Ohio society. The society was organized two years ago, its birthday being the birthday of the state, March 1. Since then it has had meetings bi-monthly, and they have proved interesting and profitable. On April 27th last, the club celebrated Grant's birthday anniversary in fitting style. There were addresses by Governor Albert E. Mead and Judge Herman D. Crow of the state supreme court. Judge Crow is a native of Delaware, Ohio.

N. R. Shiley, a prominent Seattle merchant, formerly of Cambridge, is president of the Ohio society, and the other officers are: Vice president, Orange Edwards, Russellville; secretary, Edwin S. Gill, Marietta; directors, the officers and Jacob Haas, of Canal Dover; J. W. Brown, of Rockford; W. A. Major, of Pleasant Grove; J. H. Todd, of Mt. Vernon; H. E. Foster, of McConnellsville; J. J. Chambers, of Carroll county, and A. O. McCormick, of Logan.

HEAVY GROWTH Of Export Wood and of Wood Manufactures.

Increase Over Last Pre-
ceeding Year Reaches
Big Percentage.

THE ENTIRE WORLD
Offers a Market For Ameri-
can Wood and Its
Products.

Interesting Statistics of Ex-
ports For Last Thirty-
Six Years.

Washington, D. C., Nov. 23.—Wood and manufactures of wood are forming a constantly and rapidly increasing share of the exports of the United States. The total value of wood and its manufactures exported in the nine months ending with September, 1906, exceeded by 24 per cent those of the corresponding period of last year and aggregated, for the nine months, no less than 59 million dollars. If to this are added the shipments of this character to the noncontiguous territory of the United States, not now included in our foreign trade figures, the total value of wood and its manufactures leaving our ports in the nine months in question will aggregate 61 million dollars, or at the rate of 81 million dollars a year. A decade ago, in the fiscal year 1896, the total value of wood and its manufactures exported was practically 35 million dollars, and in the fiscal year 1906 was, in round terms, 69 millions, and if to this are added the shipments to noncontiguous territory the total in round terms, would be 71 millions. The increase in the single year 1906 over 1905, was 21 million dollars, in the shipments to foreign territory.

Practically the whole world is asking for American wood and its products. Even of "logs and sawed and hewn timber" the total exports for the fiscal year 1906 were 15 1-3 million dollars against 7 1-3 millions in 1896, and the shipments of the material in this crude form went to not only all of the principal European countries, but to most of the countries of South and Central America, Australia, Philippine Islands, Japan and even Africa. The value of this class of wood, namely "logs and sawed and hewn timber," exported to the United Kingdom in 1906 was 5 1/2 million dollars against 3 millions in 1896; to Germany 1 1/2 millions against 1 million in 1896; to Netherlands 1 1-3 millions against 1/2 million in 1896; to British North America nearly 1 1/2 millions; to Mexico a million; to Italy practically 1 million; to France 1/2 million; to Central

American states 1/2 million; and to British Australasia over \$400,000 in 1906 against \$130,000 in 1896.

The largest value of this class of exports is found in the two groups designated, respectively, as "boards, deals, and planks," and "joists and scantling," the bulk of this being "boards, deals, and planks," and, therefore, a class of merchandise popularly designated as "lumber." Of this the exportation in 1906 was over 29 million dollars, exclusive of that sent to our noncontiguous territory, or over 39 millions in all, and it went not only to the principal countries of Europe, but to Mexico, Central and South America, Cuba, and the other West Indian islands, the South American states, China, Hongkong, Philippine Islands, British Australasia, British North America, and smaller quantities to Africa and Oceania. The value of lumber sent to the United Kingdom in 1906 was 5 1/2 million dollars against less than 2 millions in 1896; to Germany, nearly 2 1/2 millions against one-third of a million in 1896; to British North America, a lumber-producing country, over 2 1/2 millions in 1906 against a little more than a half million in 1896; to Cuba, practically 2 1/2 millions in 1906 against less than one-third of a million in 1896; to Mexico, practically 2 millions against less than three-fourths million in 1896; to Argentina 3 1/2 million dollars' value in 1906 against a little less than 1 million in 1896; to British Australasia, over a million dollars in 1906 against a half million dollars in 1896; to Belgium, more than three-fourths million, France, a half million; Italy, a half million, Netherlands, 2 1/2 millions; Brazil, a half million; Chile, more than a half million; Central American states, over three-fourths million; while to China, over \$400,000 worth; Hongkong, \$35,000 worth; and Japan \$52,000 worth in 1906.

The next largest item in the total of exports of wood and its manufactures is that designated as "Furniture," of which the value exported in 1906 was 5 1/2 million dollars against 3 1/2 millions in 1896, the increase in "logs and sawed and hewn timber" proportionately than that shown by "Furniture." Of the 5 1/2 million dollars' worth of "furniture" exported in 1906, Mexico was the largest customer, the amount exported to Mexico being \$848,379, to British North America, \$765,636; to Cuba, \$720,338; to United Kingdom, \$689,845; to British Australasia, \$237,541; to Argentina, \$331,551, while smaller quantities went to the Central American states, France, Germany, Italy, Belgium, Netherlands, Brazil, Chile, Colombia, Venezuela, China, British East Indies, and Japan.

An examination of the export record of wood and wood products for a long term of years indicates that the most rapid growth has occurred during the last decade. As far back as 1876 the value of wood and wood manufactures exported was but 17 1/4 million dollars; in 1885, 20 1/2 millions; in 1896, practically 32 millions, and in 1906, 69 millions, exclusive of the shipments to our noncontiguous territory, most of which was included in the figures of 1896, and if added to those of 1906 would bring the total up to 71 millions. Thus the growth from 1876 to 1886 was but about 3 million dollars, from 1886 to 1896, about 12 millions, and from 1896 to 1906, about 37 millions.

The following table shows the value of wood and manufactures of wood exported, at five-year periods, from 1870 to 1906.

1870,	\$12,734,838
1875,	17,740,055
1880,	16,237,376
1885,	21,464,322
1890,	28,271,529
1895,	27,115,907
1900,	50,598,416
1906,	69,080,394.

TESTED AND PROVEN.

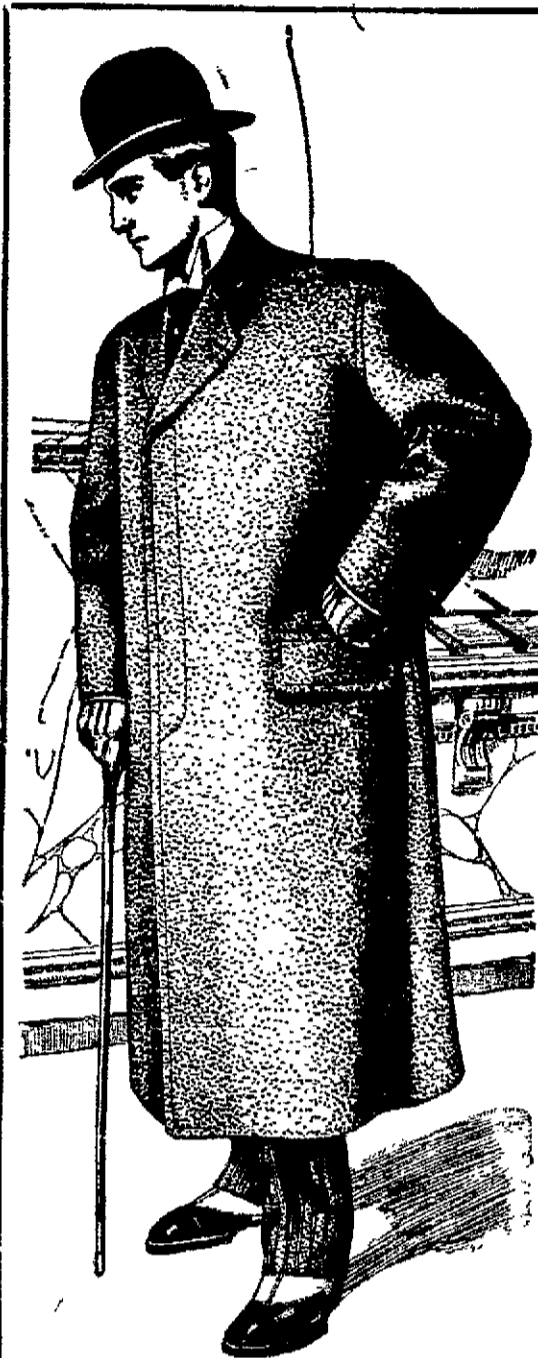

There is a Heap of Solace in Being
Able to Depend Upon a Well
Earned Reputation.

For months Lima readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Mrs. M. M. Meyers, of 718 west Spring street, Lima, O., says: "I just as readily endorse Doan's Kidney Pills today as I did six years ago. I had then been relieved of kidney trouble and the most distressing headache which clung to me for days at a time. I have often said since then that Doan's Kidney Pills were of inestimable value to me, if only they did no more than that. They removed the lameness and soreness from my back and corrected a sluggish condition of the kidneys and so toned up my system that I could enjoy my rest and food better than for years before. Doan's Kidney Pills were procured at McVillie's drug store and as I have said before, I would not be without them in the house."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

MEN'S WINTER OVERCOATS AND SUITS Of Unusual Good Style and Quality.

Copyright 1906 by Hart Schaffner & Marx

We emphasize the superiority of our winter Overcoats and Suits for men. We direct attention to the excellence of the style, the perfect fit, the superb tailoring. OPENING ANNOUNCEMENT.

In throwing out our business "latch string" to the door of our store in Lima, we beg to say that we shall labor not merely to serve you as you have been served in the past, but equal to any service known. Behind us is ample capital; behind us are manufacturing facilities recognized as the most superior, the best will be under our control. In pianos our line is so diversified in style and make that the most discriminating and prudent buyer will recognize the fact that the best only of each grade is placed before them. In our advertisements we shall, from time to time, announce our wares, telling you not only the moderate prices we shall quote—but of the quality of our pianos, and of our facilities for handling your trade. We shall also tell of our endeavor to offer bigger and better bargains than can be found elsewhere. Our motto of almost a half century will be strictly upheld.

"A SATISFIED CUSTOMER—A GROWING BUSINESS."

Where one is the other must be. If a mistake creeps in we promptly right it.

WALL TUMBLED BURYING TWO MEN.

By Associated Press.

Buffalo, Nov. 23.—A brick wall 30 feet high 100 feet long and from 18 to 24 inches thick, being built at the water works at the foot of Massachusetts avenue was blown down yesterday by a high wind burying two men in the debris completely covering one of the steam pumps, putting out of commission several dynamos which furnished light for the plant and smashing the mammoth steam pipes through which

steam was transmitted from the boiler rooms to the steam pumps. As a result Buffalo's water supply is greatly crippled. The two men were rescued only slightly injured.

The New Pure Food and Drug Law. We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Wm. M. Melville, old postoffice corner.

TWO ARE KILLED; SEVERAL INJURED.

By Associated Press.

Minola, N. D., Nov. 23.—The Oriental Limited on the Great Northwestern was wrecked yesterday a mile north of Noen, N. D. The engineer and one fireman were killed, 17 passengers were injured and many were taken from the windows of the cars. Sixteen women and children were rescued in this way.

Some people can't pay a compliment without running in an insult.

HARD FIGHT FOR CUP

All Minds on Vitally Important Game Next Saturday.

STATE VS. WOOSTER.

Although Medics May Yet Have Their Say—Other Games.

STORY OF THE CUP.

- First offered in 1900.
- According to the deed of gift, any college living up to the Ohio conference rules is eligible to the competition.
- The winners since 1900 have been as follows:
- 1900—Ohio State.
- 1901—Oberlin.
- 1902—Case.
- 1903—Case.
- 1904—No champions, State beat Case, Case beat State and Case beat Oberlin.
- 1905—No champions, Case and State tied with a 9 to 9 score.

Football players all over Ohio will have an eye on Columbus Saturday, when Ohio State and Wooster battle for the cup and championship of Ohio.

If Wooster is defeated State has yet to draw the Medics to win the cup. Although the Case contest with the Medics did not figure in the championship, the Medico-State game will, for the reason that agreement signed by the Medics forfeits every cent of the gate receipts if that eleven plays a single man who is not eligible under Ohio conference rules. Consequently, while the Medics cannot claim the championship themselves, they have a magnificent chance to prevent their ancient enemies from winning it.

Wooster has only State to play. A victory over Hensel's team will give the Presbyterians the championship. A game may cause the championship to be again undecided or it may give the honor to State. State has played six Ohio teams, Otterbein, Muskingum, Wittenberg, Kenyon, Oberlin and Case, and beaten them all. Wooster, on the other hand, has won but five games, defeating Denison, Wesleyan, Mount Union, Oberlin and Heidelberg, having drawn battles with Case and Reserve. It must be admitted, however, by the State adherents that Denison, Wesleyan and Heidelberg, three of the teams beaten by Wooster, rank higher in football strength than Wittenberg, Otterbein and Muskingum.

But, there is still another angle to the race and another college to be considered and that is Reserve. That university has not been beaten by an Ohio eleven this season with Wesleyan and Case yet to play. In the event of it winning both these games and it is not improbable, Reserve will have won but four Ohio struggles while Wooster, with a clean slate, will have won eight Ohio games. So, in case of either State or Wooster going through the season without a defeat, the championship is sure to go to the successful one of the two. For Reserve to win the championship, it must win its next two games, while State must beat Wooster and the Medics beat State.

There are still three big games to be played in the east. Yale and Harvard meet in their annual contest on Saturday, while on Thanksgiving day Pennsylvania and Cornell clash at Philadelphia, the Army and Navy teams coming together on the same field two days later.

It must be admitted that Yale's chances of a victory over Harvard are much brighter than they were a week ago. Although the odds were 5 to 1 against them Saturday, Yale played Princeton to a standstill and secured a scoreless game. Princeton has been

repeated to a student that Harvard, both on offense and defense and in field could keep Princeton from scoring within the star halfback. Roomer in the game what will it do with Roomer in the line-up when Harvard is met? The fact that Dartmouth should not be taken into consideration as the crimson team was considered almost entirely of sets is when Dartmouth scored.

Having a prediction on representative Cornell should defeat Pennsylvania, while West Point should win from Amherst. But the early season scores of the three on which to base predictions. Southworth was badly beaten by Cornell Saturday and Southworth earlier in the season defeated Pennsylvania. At the time, however, the quakers did not have a competent quarterback. This fault has now been remedied and Cornell will have a much stronger eleven to face than did Southworth.

Massillon and Canton will clash again next Saturday in the second battle for the championship of the world. This time the game will be played at Massillon and that team confidently expects to turn the tables on the team that so decisively outplayed them last Friday at Canton.

Biliousness and Constipation. For years I was troubled with biliousness and constipation, which made me miserable. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the liver feeling at once, strengthen the digestive functions, helping the system to do its work naturally. Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by all druggists.

SURELY SHOULD Such a Man Should Get Off the Staff.

In last week's News the Mr. Cory correspondent got rather cute and said that Rev. Hensel would hold a meeting at Buzzard's Glory. The appellation is a name that was hatched in his own non-tooth-fertile brain and we take it as an insult and think he ought to apologize, or get off the staff, as we do not have to live on buzzard's food over in Orange.—Cor. in Bluffton News.

DANCING PROVES FATAL. Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. Wm. M. Melville, old post-office corner.

TALES IN THE TELEGRAPH. Newspapers recently related the story of a Scranton, Pa., young man named Dougherty, who died because of a hat pin prick in his heart. Yesterday, Katie Burke, his sweetheart, was arrested charged with being behind the pin. She explains that she had a needle in the front of her dress; that Dougherty hugged her, and that the eye of the needle pressed against her corset bone which served to force it into his breast, killing him. The court held there was nothing against her, and she was permitted to go free.

Mrs. Charles E. Taylor, of Vesta, Minn., is suing for divorce, and her complaint brings out an unusual state of affairs. She says that the women of Vesta wear overalls, and that they look so much like men she can never tell if it is a laborer or a society leader entering a saloon, and that she refuses to live with her husband in such a town.

Judge Hurley, of Chicago, is an auditor in Milwaukee, stated that the downfall of children was due to gas duffing mothers. However, the equal suffragists will be quick to discern that Mr. Hurley, being away from home, is a grudging father.

A noted doctor says that every one should have an "hour of silence" every day. The doctor does not explain how father can get his.

Dr. Allen Staples, of Sioux City, Ia.,

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy which like the bloom from a flower which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. Few young women appreciate the shock of the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. More than a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. It is made wholly of those native, American, medicinal roots, most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and make its advent easy and almost painless, there is no medicine quite so good as Favorite Prescription. It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve, nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Bad Symptoms. The woman who has periodic headaches, backache, gastric imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally. No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a professional endorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol,

was sued for breach of promise. Four mothers-in-law testified against him, and the judge held that he would have to pay a good sum for trifling with the girl's affections; that the fact that any man had four mothers-in-law proved he was a trifler.

Something new has developed in a hardened criminal. Unusually, they coolly smoke a cigarette, but at Herkimer, N. J., Charles Gillette, accused of the murder of his sweetheart, serenely chews gum.

Don't gossip Edwin Edgar, of Owens, Mich., spoke slightly of Mrs. Burr Zoley and her husband heard of it and shot and killed Edgar. Then Mr. Zoley and his wife committed suicide, and then Mrs. Melvin Haughton, a neighbor, became so unstrung at so many deaths, that she went crazy and drank carbolic acid.

J. A. Ryan was found on the streets of St. Louis, purple in the face. He was taken to the police station, where they thought he was drunk, but just as he was about to be taken to a hospital he was found dead. It was discovered that he was choking to death on a piece of innocent beefsteak. He hadn't drank a drop, and was not a drinking man.

Joseph Moshiel, age 4, was drowned in a pool of water at Wagoner, I. T. A week before his older brother died, and he was taken to the funeral. He didn't like it, because they put his brother under the ground, and was looking for the spot that he might dig him up again when he fell into a pool of water, and was drowned. It seems that even in these enlightened days some people take children to funerals.

CONUNDRUMS.

Boston Traveler.
What word makes you sick if you leave out one of its letters?—Music (in use).

Why are the chickens liberal?—They give a peck when they try to take a grain.

What is the difference between one yard and two yards?—A fence.

Who was the first whistler?—The wind.

What is the wonderful animal in the barnyard?—The pig, because he is killed and then eaten.

What is the only nut without a shell?—Doughnut.

Why can't an old maid play a violin?—She can't catch the bow.

What five you before you would give you a company, a yelled lady and a noisy boy?—Conundrum.

If a thin man was to dress himself in fat man's clothes, what fat cities would he resemble?—Toledo.

D ELLI WINS**Yale Wins Harvard on Gridiron Today****Score of Six to Nothing Tells Story of a Fierce Battle.****JONES THE STAR. Little Yale Quarterback Makes Sensational Plays.****Score of Six to Nothing Tells Story of a Fierce Battle.**

Haven, Conn., Nov. 24.—Yale Harvard men were out on the field of the city almost before day is morning, and most of them were more anxious about breaking the weather or the foot ball which will be fought out, on this afternoon. The early weather was chilly and the frost but later this gave way to a blinding snow and a tempest which was a blending of October with a sharp November.

Yale ticket speculators were before justice of the peace, and told that he would be coming to jail over a number of his possessions to the foot ball management. The man said \$10 each for tickets and had \$20 each. This morning's storm to the public was the effect that the holder of tickets bought on the street were to have such tickets seized at and he face value returned to him.

Conclusion of the game, the team will be entertained at the Tontine hotel by Lieut. Lake, of Hartford, an old foot ball player. The Yale team will be entertained at the Tontine hotel, which is the usual after the Harvard game and Yale foot ball players will be the betting on the game is there has been no change made in up of the two teams and place is that of right half the Yale eleven. On account of condition of Knox, Roomer will start the game in that.

The Line Up.

Line up as announced by Captain and Foster is as follows:

Position. HARVARD.
L. E. McDonald
L. T. Osborne
L. G. Burr
R. C. Parker
R. G. Kersberg
R. T. Pierce
R. E. Starr
Q. B. Newhall
L. H. B. Foster
R. H. B. Lincoln
F. B. Wendell
Referee, E. K. Hall, Dartmouth.
W. H. Edwards, and Lieut. W. H. Hackett, head linesman, Guy.

Odds on Yale.

Yale team will go into the game with a slight advantage in weight. The Yale team is about 184. Late morning from the Pequot house was told that there was a doubt of that of Kersberg, right guard, the game, because of a bad cold. Gilmore would probably be in his place. The crowd fieldwards early and by one was pouring through the gates. Two thirds of the carried flags, horns, rattles, or setting just before the game that Yale would win, even though Harvard would not score. It was announced that Knox could not play and that Kerioung would start Harvard line up. If the late news handicapped him, Ward would go in without delay in his place.

Yale Appears.

Yale team forced its way through the crowd at the northeast and came on the field at 1:55. It immediately went out for practice during which Veeder did some punting. The crowd of the team was a magnificent as the stands were crowded.

It looked then as if nearly everybody would be settled in their seats within five minutes.

Harvard Appears.

The Harvard team headed by Captain Foster crossed the field at exactly 2 o'clock and the entire side of the stands rose as one man and from a mighty cheer, broke into a song. In the signal practice of Yale, H. Jones replaced Alcott which seemed to indicate a change in the last minute. The Harvard team took only a few minutes practice, but Burr practiced field punts.

Captain Morse crossed the field with Mr. Edwards and shook hands with Captain Foster. The coin was immediately tossed.

Captain Morse won the toss and chose the north goal, giving him a slight advantage of the breeze. The whistle was blown at 2:07 and the teams took the field.

Knox and Howard Jones were in Yale's line up. Roomer and Alcott are out.

Burr kicked to Veeder at Yale's seven yard line. It was carried back to the 28 yard line where the first attempt at the line was stopped.

Try Fake Play.

Veeder attempted to punt which was blocked and McDonald got the ball on Yale's 45 yard line. A fake play through the line, Starr got the ball on a forward pass and made twenty yards around Forbes' end. A play through right tackle, Lincoln carrying it, gave five yards. Then Wendell made three more, the ball being nearly in front of the goal posts. Newhall dropped back for a try at goal, but it was blocked, the ball bounding along the ground to Yale's 45 yard line, Forbes being down on it at that point. Yale tried the Crimson line but failed to gain, the ball went back to Tad Jones for an end run but he was nailed for a loss.

Yale lost 15 yards for off side play. Veeder punted to Harvard's 48 yard line but Newhall made no gain on the runback. On a triple pass Lincoln put the ball on his own 50 yard line. Four yards more came by playing through right tackle, but Yale smothered the next play. Lincoln was off side and five yard penalty was given to Harvard. Lincoln made four yards inside of left end.

Burr punted to Yale's 35 yard line and the Harvard ends were under it and got the ball because of a fumble, but the referee called the teams back, inflicted 15 yards on Harvard for holding. Burr on his own 20 yard line punted to Yale's 45 yard line but Tad Jones in spite of throwing off half a dozen men, could not gain more than two yards. Knox twice was called upon to carry the ball but the Harvard men nailed him with only a yard gained line. Veeder from his own 45 yard line punted to behind Harvard's goal line. Burr brought the ball into the twenty yard line.

Alcott Enters Game.

Howard Jones retired and Alcott took his place. Both teams had conferences and both officials came to the side line with the book of rules. The point at issue was not clear.

Burr kicked into Yale's 45 yard line where Knox made a great run to Harvard's 20 yard line. Yale then drove the ball plumb through Harvard's right guard for four yards and then two more getting the ball almost in front of the goal post on the 11 yard line.

Yale Held for Downs.

One yard was necessary and Yale made it for first down. Second down gave them one yard but Harvard smothered the next line play. The ball was given a forward pass to Alcott, who was on Harvard's four yard line. He fumbled and McDonald got it. Burr punted to his own 30 yard line where Knox fumbled. Then a Harvard man missed it, Knox recovering it.

Veeder dropped back for a kick but instead ran with it and passed it off the end to Harvard's ten yard line. Wendell got it in the general mix up. Wendell was shot through the line on the next play and carried several men on his back to his own 30 yard line. Foster went through for five more, then Wendell went through for four more. Newhall's on side kick gave Yale the ball on her own 40 yard line. Veeder got five yards off left tackle.

Tad Jones' Run.

A double pass gave Knox a chance for a one side kick and the ball went to Harvard's 20 yard line and in a general mix up Yale got the ball. Tad Jones made a sensational run the breadth of the field twisting in and out among the Harvard men in grand style but it did not net much ground. Harvard was penalized by Lincoln's holding, but Yale retained the ball instead of Harvard losing distance.

Then Yale lost five yards for holding.

Jones attempted an end run, but Parker got through and downed him for a loss of five yards.

Veeder attempted a drop kick from the 40 yard line but the ball went wide by a few yards.

Burr kicked off over Yale's goal line.

(Continued on page Three.)

MURDER TRIAL**Makes Progress at Snail Pace.****Local Interest in Gillette's Trial Seems to Have Diminished.****SHERIFF EXAMINED By Former Senator Mills, Who Represents the Defendant.****Abrasions on Dead Girl's Body Investigated Today.**

Herkimer, N. Y., Nov. 24.—In a brief session, closing at noon, District Attorney Ward today failed to reach the evidence of the physicians in the Gillette murder case. The first intimation of the defense claim that abrasions on Grace Brown's body were made after it was removed from the water came out when the driver of the wagon in which the body was taken to the station was cross examined. He denied that the road was rough.

Court adjourned at noon to 9:30 Monday morning and the prosecution will probably swear the doctors then.

District Attorney Ward swore three witnesses to prove the tennis racket that Gillette is alleged to have hidden under a stump after he started through the woods from Big Moose Lake was in the same condition when found as it is now—handle loose and bow split. They testified that they saw the racket last July and that its condition then was as it is now.

Former Senator Mills questioned Sheriff Richardson after the sheriff had testified that he reported to the district attorney a conversation that he had with Gillette, to the effect that the prisoner feared that Chas. D. Thomas, the lawyer who had been appointed by the court, was no match for District Attorney Ward. Gillette said that Ward could cover many little things that Mr. Thomas could not.

"You made a habit of questioning this boy so as to help the district attorney convict him, didn't you?" asked Mr. Mills of the witness.

"Not exactly."

"Well, you told him all he said against himself, didn't you?"

"Not at all."

"And nothing he said in his own favor?"

"He didn't say anything in his own favor."

Case Near's Close.

Herkimer, N. Y., Nov. 24.—District Attorney Ward just before the opening of court today declared that he hoped to have all of the state's evidence before the jury in the case of Chester E. Gillette, accused of murder of his sweetheart, Grace Brown, before the afternoon session is ended. When court adjourned last night it was to meet this morning a 9:30 o'clock instead of 10 as had been the rule for the last few days. Opposing counsel met nearly an hour at the close of yesterday afternoon's session in discussion of the technical points of a map of the Big Moose. The issue at stake was whether or not the drawing showed a small projection of land which was found on one of the photographs of the scene of the alleged murder. Before adjournment was taken, however, the prosecutor had drawn near to the closing chapters of the narrative. The jury was told, in minute detail of the circumstances surrounding the finding of Grace Brown's body and of its position and of general outward condition. Today it is expected that all of the directors who took part in the autopsy, would be heard. There are said to be half a dozen medical witnesses and if their testimony proves to have the important bearing on the case which is expected the cross examination of the physicians may occupy much more time than the district attorney anticipates.

Interest in the case seemed to subside somewhat today, the courtroom being but comfortably filled when court opened. The unusual overflow crowd was not outside.

Prisoner Slept Well.

The prisoner after a good night's sleep appeared refreshed today and showed no signs of worry.

The six physicians to be called by

the prosecution before the state's case rests were in court at the opening today. They performed the autopsy on the body of Miss Brown. Dr. J. M. Crumb, of South Otselic, made an examination of the hair found in the boat and will tell the jury either from the stand or through a report to the other doctors, that the hair was either pulled or broken from the head of a woman. Dr. Crumb says it is impossible for an expert to tell whether the hair found in the boat came from the same head as did that exhibited to the jury as a lock that had been taken from the head of Grace Brown after her dead body was taken home.

Point for Defense.

From testimony by John Denio, who drove the team that took the body from the Glenn Moore Hotel to Big Moose station, the defense tried to show that the road was very rough. This was to prove that the jolting the body received after it was taken from the water might have disfigured the girl's head. Denio swore that the road was smooth and the body was handled carefully.

ITALIAN VERSION OF CARUSO'S CASE.

Rome, Nov. 24.—The announcement that Senator Larusa, the tenor, was found guilty in a New York police court yesterday of annoying women in the Central park garden, and was fined \$19, reached Rome late that only the Messagero, of the morning papers published the news. In so doing the paper said:

"Caruso will appeal, but the real verdict will be given by the people of New York in the manner in which they receive him the first time he appears before an audience after his condemnation."

CLOSED WEAK**Stock Market Reached the Lowest.****Slump Halted Temporarily by the Bank Statement****THEN WENT ON DOWN.****Several Stocks Fell Off Several Points at the Finish.****Quotations on Live Stock, Grain, Produce and Provision.**

New York, Nov. 24.—After starting the week strong and active the stock market became spotty and irregular. The money market proved sensitive to speculative revival and this was a weight upon speculative animation. Last week's considerable rise in prices also offered attractive profits and the selling to realize was a depressing factor. The statement of the plan for disbursement to Great Northern stockholders of the benefits of two iron ore contracts removed that important project from the realm of speculation and led to realizing in the stocks. Violent upward movements in special stocks, many of them obscure, were not of good effect on speculative sentiment.

Chicago Live Stock.

Chicago, Nov. 24.—Cattle estimated receipts 600; market steady; heaves 400@740; cows and heifers 480; calves 500@570; stockers and feeders 250@450.

Hogs estimated receipts 22,000; market 10 cents lower; mixed and butchers 590@630; good heavy 610@650; rough heavy 585@600; light 590@622 1/2; pigs 550@590; bulk of sales 600@620.

Sheep estimated receipts 500; market steady, sheep 325@570; yearlings 560; lambs 450@770.

Chicago, Nov. 24.—Wheat today opened easier on liberal profit taking sales by local longs. The weather in the northwest was much more favorable for the movement of the crop and the receipts in the Northwest continued small. December opened unchanged at 73 1/8 and sold at 73.

December corn opened 7 3/8 higher at 42 1/4 and sold at 42 1/8.

December oats opened at 33 1/4 and sold at 33@1 1/8.

January provisions opened quiet; pork at 14 1/2 to 14 5/8; lard at 8 3/4 to 8 7/8; ribs at 7 1/2.

THREATS MADE**By Russian Reactionary Parties****That Trouble Will Follow Granting Jews More Freedom.****MASSACRES FEARED.****Two Hundred Dispatches of Protest Sent to the Emperor.****Action Will Surely Create a Breach Between Leading Parties.**

St. Petersburg, Nov. 24.—The threats of the reactionary parties that Jewish massacres will be organized if the rights of the Jews are enlarged are steadily becoming more definite. The central council of the league of the Russian people, claiming to represent thirty million people, has issued a declaration, disclaiming responsibility for the "outrages which may result from the just indignation produced by the enlargement of Jewish rights." It has published the text of two hundred dispatches of protest sent to the emperor from local organizations, of which the following is a sample phrase:

"It is dangerous to further test the gentleness and patience of the peaceful Russian population, which may be forced, in its defense against the Jews, to over go the limits of law and order and resort to violence."

The publication of the reforms is certain to result in a final break between the reactionary and monarchial parties and Premier Stolypin's administration.

A curious story comes from Vilna, to the effect that the rabbis of three towns in that vicinity interceded for three Jews, who it is asserted, were innocently condemned to death as terrorists. The governor, it is added, agreed to spare the lives of the three men if the rabbis would take an oath publicly in the synagogues that they believed the condemned men were innocent. The rabbis consented and the sentences were commuted.

SOUTHERN ROADS GRANT INCREASE.

New Orleans, Nov. 24.—It was announced today by General Manager Curran of the New Orleans and North-eastern, Alabama and Vicksburg, and the Vicksburg and Shreveport, that the employees of these lines have been granted increases in wages in some cases dated from October 1 and others November 1. No uniformity having been observed in raising the wages.

SANTOS DUMONT FAILS.

Paris, Nov. 24.—M. Santos Dumont today renewed his attempt to win the Grand Dutch-Archdeacon prize for flying machines, which called for a flight of over a kilometer and return but the propeller of the machine broke and the attempt was abandoned.

OFFICIAL REPORT ONE OF GREAT SIZE.

Berlin, Nov. 24.—Dr. Theo. LeWald, the commission general of Germany at the St. Louis exposition has issued his official report. It fills an octavo volume of nearly six hundred pages, is elaborately illustrated and contains fifty reports of German specialists on different departments of the exhibition.

SENATOR GODFREY**Dangerously Ill at His Home in Celina.**

Word comes to Lima today that ex-Senator Thomas J. Godfrey, of Celina, is lying critically ill at his home in Celina from the effect of a stroke of apoplexy that he sustained several days ago. The venerable senator is in his 75th year and friends fear the attack will prove fatal.

FATAL SHOOTING WAS AN ACCIDENT.

Medina, O., Nov. 24.—Harry Indo was accidentally shot in the back and instantly killed today by his brother, John, while hunting with friends from Cleveland.

FRACTIOUS NAG CAUSES A PANIC.

East St. Louis, Ill., Nov. 24.—While a performance was in progress at the Broadway opera house last night a horse, utilized in the last act to draw the heroine in a buggy became frightened and sprang over the footlights into the orchestra. The heroine fell unconscious to the stage and three women in the audience fainted while the horse floundered around in the orchestra pit demolishing chairs and creating great excitement. Presence of mind of a number of men in seizing the horse and sitting on it, and asking the people to sit down prevented a panic.

UPPER SANDUSKY HAS A SENSATION.

Upper Sandusky, Nov. 24.—Neighbors noticing the absence of life about the home of Mrs. Henry Hartman, a wealthy widow, the house was forced open today and her daughter, Miss Mae, was found dead in bed and Mrs. Hartman, also in bed, dying from the fumes of burnt gas.

POLICE HAVE CLEWS**Which May Soon Lead to the Arrest of the Murderer of PRETTY MISS GILMAN.****Officers Think That Unfortunate Girl Was Detained in a House.**

Dayton, Nov. 24.—Coroner Kline has a clew that may be rich in results toward the solution of the mystery surrounding the murder of Dona Gillman. He accepts as certain the girl was killed in a house possibly after being detained all day Wednesday and Tuesday night.

"Since the tragedy a house not far from the scene of the crime has been bared to every one. Late Friday he sent a constable to investigate. That official received conflicting stories and explanations.

The coroner will dive into the matter fully while the idea has been advanced that cuticle was found under the finger nails of the dead girl, such was not the case. No cuticle was found at all and Coroner Kline says that had there been any imbedded under the nails decomposition would have destroyed all possibility of detecting its original color.

The county commission offered a reward of \$2,000 for the arrest and conviction of the slayer of Dona Gillman or for arrest and conviction in any similar case. Commissioner Van Ripon said:

"It is time that Montgomery county is doing something to protect its women."

The funeral will take place today at Germantown, the former home of the Gillmans.

THOUSANDS OF MEN**Benefited by the Voluntary Increase in Wages Made By STEEL CORPORATION.****Result Will Be Distribution of an Extra Two Millions Yearly.**

Pittsburg, Nov. 24.—Two million dollars additional each year will be distributed through the Pittsburg steel district by reason of the increase in the wages of the laborer force of the United States Steel corporation which goes into effect January first and which was announced by the Associated Press last night. The notice of the advance will be posted at the steel mills in this neighborhood about December first.

A conservative estimate of the total number of laborers employed by the subsidiary companies of the United States Steel corporation, in what is known as the Pittsburg district is placed at 50,000. The increase will affect all the men in the class of common laborers employed at the numerous plants of the Carnegie company, the National Tube company, the American Sheet Steel company, and the American Steel and Wire company.

WOMAN KILLED**Fifteen Others Sustain Injuries****In a Collision Between Electric Freight and Passenger Cars.****LATTER THEATER CAR.****On its Way From Detroit to Pontiac When Wreck Occurred.****Heavy Freight Dashed Down Steep Incline at Terrific Speed.**

Detroit, Mich., Nov. 24.—One woman was killed and fifteen other persons were injured early today when an electric freight car crashed into the rear end of a suburban electric car near Birmingham, eighteen miles from this city on the Pontiac division of the United Railway, the car was a theater car bound out to Pontiac from Detroit and was well filled. It had stopped at the foot of a steep grade in front of the power house, when without warning, the freight car also out bound and which had been following the theater car from Detroit, appeared over the crest of the grade and dropped down the 300 foot incline at terrific speed. It struck the standing passenger car with such force that it telescoped the car for two thirds of its length. The dead:

Miss Harriet Harger, daughter of Chas. Harger, Pontiac.

The injured: Mr. Flemming, St. Thomas, Ont., jaw broken; C. F. Inch, Mrs. Ronston, Mrs. Hattie Sale, L. D. Bureg, C. K. Keller, E. T. Beech, Mrs. Maudie Jones, Dr. Merceer, Osman Wigg, Mrs. Tucker, J. D. Maustell, of Pontiac; Jack Berry, motorman of freight car and David McClellan, conductor on freight car.

Physicians were summoned immediately and it took three hours to extricate the injured from the wreck and dress all their wounds. It is thought that the injured will recover.

SLOW IMPROVEMENT**Noted in the Condition of Judge Cunningham Today.****FRIENDS HAVE HOPES****Recognized Some Faces But Dropped Into Unconsciousness.**

Slow improvement over his critical condition of yesterday is the word given friends at the bedside of Lima's stricken jurist, the Hon. Wm. H. Cunningham.

He was brighter today even to the point of recognizing some friends earlier in the morning. He again, however, dropped into unconsciousness at periods.

His physicians have not given up hope nor have the relatives and friends, but it is now a question of how long the jurist can fight his disease, and if his strength is sufficient the life which has been suspended by a thread may yet be saved to a hoping community.

Slow Improvement.

At 3 o'clock this afternoon, Dean Cunningham, brother of the Judge, who arrived from Chicago last night, stated to the Times-Democrat that after a consultation of the physicians both gave out much hope.

"The Judge has been more than holding his own, but has a hard fight. His condition is improved today over that of yesterday."

ANANIAS HAS BEEN.

Marion, O., Nov. 24.—With a report like a cannon a meteor struck on the lawn of Mrs. Margaret Diebold last night and was dug up today. It is about the size of a man's head, and buried itself in the ground about 15 feet. Miss Clara Diebold stood within 20 feet of where the meteor fell at the time.

HARMAN'S.

MAYBE TEDDY SENT IT.

By Associated Press.
Washington, Nov. 24.—The navy de-
partment today received a wireless
dispatch from the battleship Louisiana
giving its location at 9:30 this morn-
ing 536 miles north of San Juan. This
indicates that the ship bringing the
president home from his Panama and
Porto Rican visit is making about 18
knots an hour, although the message
apparently was mixed in sending and
is rather confusing to naval officials.

THE IDLER.

Howard Neff, of east North street,
who has for the past four years, been
the electrical engineer at the East Ma-
chine Works, leaves today to take a
position as engineer with an electric
plant at Lockport, New York. The
best wishes of his many friends go
with him.

Rev. and Mrs. E. E. Young, of 528
east High street, are rejoicing over the
arrival of a charming little daughter,
which was born to them last Sunday
morning.

E. C. Ring is building an elegant new
home on Fairview avenue and hopes
to have it ready to move into soon af-
ter the holidays.

"Springfield gets a new depot for
giving the Schoepf electric line en-
trance over her streets. A lot was
purchased for \$4,000 for it Wednes-
day. Lima gets—"left"—Republican-
Gazette.

As a matter of advocating a
"square deal" even to a corporation
the Times-Democrat as a news item
calls attention to the \$100,000
structure erected by Contractor Val
Heil for the Schoepf people at the
corner of Grand avenue and Main
streets. This building when equip-
ped will represent an investment by
the traction syndicate of \$150,000
and give employment to fifty or more
mechanics at high wages. Instead of
paying \$4,000 for the lot, the syndi-
cate paid Lima property owners on
that corner something like \$8,000.
We fail to see where Lima is "left"
up to the present hour.

From all over the district come
inquiries regarding the condition of
Judge Wm. Cunningham and the
press of the northwest is expressing
its hope for recovery. The St.
Mary's Leader, after commenting up-
on his illness, pays the jurist this
tribute:

"'Elly' Cunningham, as he is
familiarily called, is not only one of
the ablest judges on the common
pleas bench of Ohio, but he is one
of the most popular men in this sec-
tion of the state. He is full of wit
and humor, and when not engaged
in the more serious task of dealing
out justice he entertains the mem-
bers of the bar with anecdotes which
make them forget all their troubles
and the cases which may have gone
an idle cases which may have gone
and Judge Cunningham is im-
mensely popular among the people.
His judicial record is as clear as a
crystal, and in his social relations
with the people he is the embodiment
of cordiality and affability. It would
be refreshing were there more
"Elly" Cunninghams in public life,
and we hope that he shall soon be
fully restored to his accustomed
health."

Holmes and Ralph Mackenzie have
among their guests for the Harvard
Yale game today, Mrs. Emma Decker,
Miss Marie Decker and Miss Gladys
Baxter, of Lima. They give a din-
ner to twenty friends in their honor
this evening after the game.

Don't forget to read "The Fair" Ad.

ROLLER POLO GAMES

Catching the Public Eye
and Good Attendance.
Results.

NEW MEN FOR LOCALS.

Now at the Top of League
For to Stay
There.

How They Stand.
Lima 3 0 1000
Fostoria 2 0 1000
Springfield 2 1 667
Dayton 2 2 500
Kenton 0 3 000
Findlay 0 3 000

Games Tonight.
Lima at Springfield.
Dayton at Fostoria.
Findlay at Kenton.

After a lapse of twenty-three
years, roller polo has been revived
in western Ohio with a strong six-
city circuit, where the attendance at
the inception of the league this
week is proof that the game will not
only be remunerative to the manag-
ers but popular with the public.

The teams are composed of stars
well known to the older Indiana
league towns, and many of the best
players from the Inter-state. The
president of the league is F. E. Poor,
manager of last year's champions at
Akron; J. A. Kirk, of Dayton is vice-
president and Tony Zender, of Ken-
ton, secretary. The league embraces
Lima, Dayton, Springfield, Kenton,
Fostoria, and Findlay. The first
games were played in Dayton and
Lima, Monday night, followed by
games in the same cities on Wednes-
day. Two games each week will be
played in each city, the teams being
now complete and a formal schedule
to be arranged at a meeting of the
league directors in this city tomor-
row.

The permanent personnel of the
various teams in the league is as
follows:

Lima—McCarthy and Robertson,
rushes; Voglesang and Herrold,
center; Kenworthy, half back; Hus-
ton, goal.

Findlay—Link and Smith, rushes;
Schutt, center; Hogan, half; Drift-
meyer, goal.

Fostoria—Shaw and Mium, rushes;
Holdclaw, center; McGibben, half
back; Brook, goal.

Dayton—Van Etten, formerly of
Richmond, captain, with Wembold,
rushes; Van Horne, center; Sum-
mers, half back; Shuttleworth, goal.
Springfield—Fletcher and Varin,
rushes; Jackson, center; Brower,
half; O'Metz, goal.

Kenton—Haley and Binckler,
rushes; Morey, center; Scanlon, half
and Trent, goal.

The play of the first week shows
the teams very evenly matched and
strengthening will soon begin. The
Interstate is already being drawn up-
on, while Indiana cities are furnish-
ing many of the fast players. Day-
ton being almost made up of Hoosier
stars, while "Doc" Herrold, Lima's
center, was Elwood's star. Mc-
Carthy and Kenworthy are both from
the Interstate, and Shaw, lately re-
leased by Sharon, is to join Kenton.

Lima will present almost an entire-
ly new line-up when the team ap-
pears on the floor Monday night.
Link and Smith who have been play-
ing rushes in the games won, have
been released by Manager Poor to
Findlay and McGibben has gone to
Fostoria where he has been playing
great polo.

Lima claims "Doc" Murray for
center, an Indiana League star who
made Elwood famous; while Mc-
Carthy, from Interstate and Robert-
son, who was injured at Kenton, will
play rushes; Voglesang is held for
utility man, but Driftmeyer has been
permanently assigned to Findlay.
Unless the meeting to be held here to-
morrow by the league magnates re-
sults in a complete new assignment
of teams, Dayton will open against
the locals Monday night and either
Fostoria or Springfield will be the
attraction on Wednesday.

THE STAGE.

ORPHIUM THEATRE—High Class
Vaudeville.

AUDITORIUM—Tuesday, Akerman vs.
Gehring, Wrestling.
FAUROT OPERA HOUSE—
TONIGHT—45 Minutes From Broad-
way.

MONDAY—East Lynne.

WEDNESDAY—Frank Daniels in
"Sergeant Brue."

THURSDAY—How Baxter Butted In.

SATURDAY—The Man of Her Choice.

One of the most important amuse-
ment events of the season's calendar
is announced for tonight when Geo.
M. Cohan's biggest success "Forty-
Five Minutes From Broadway" will
be presented at the Faurot opera house.
This attraction comes under the man-
agerial banner of Klaw & Erlanger,
which lends to it the prestige of this
great theatrical firm. It signifies a
cast of prominence and a production
that will leave nothing to be desired.
The company is one of the largest and
most expensive organizations on tour
this season. Its cast of principals is
headed by Corinne, whose popularity
is unbounded. There is the usual at-
tractive and lively Cohanesque en-
semble and several of the greatest
songs, hits this popular young man has
ever composed, notably famous of
which are: "So Long Mary," "A Pop-
ular Millionaire," "Only 45 Minutes
From Broadway" and "Mary is a Grand
Old Name."

One of the most complete and ef-
fective presentations of "East Lynne"
which has ever been sent on tour will
be given at Faurot opera house Mon-
day night by Joseph King's New York
company.

The company, scenic equipment and
accessories are all up to the standard
required for an artistic presentation
of the favorite old drama.

Frank Daniels, will be seen here on
next Wednesday night at the Faurot
opera house in his greatest musical
success "Sergeant Brue." This is a
comedy which achieved enormous popu-
larity in England before it was
brought to this country by Manager
Charles Dillingham. In London, it ran
alone for over 400 nights, playing part
of the time at the Strand theatre, and
part at the Prince of Wales. It has
since been seen for six months in
Broadway and for long periods in Bos-
ton, Philadelphia, Chicago and other
large American cities. Mr. Daniels
appears in the title role, that of an
ambitious London policeman.

A most imposing and complete pro-
duction of the newest play by that
prolific and gifted young playwright,
Mr. Owen Davis, and which he has given
the rather unique title, "How Bax-
ter Butted In," will be presented at
Faurot opera house next Thursday af-
ternoon and evening by Vance and
Sullivan company, with that rising
young comedy star, Mr. Sidney Toler,
as Billy Baxter, a character that is
an absolutely new stage creation, be-
ing suggested to Mr. Davis through
the world famous series of booklets
known as "Billy Baxter's Letters." The
part of Baxter is that of a typical,
wide-awake, up-to-date traveling sales-
man, bright, witty, whole souled and
manly.

"The Rogers Brothers in Ireland"
is one of the early bookings at the
Faurot. The organization which of
course is headed by the Rogers Broth-
ers includes nearly all the names of
the original cast. This most successful
of modern musical comedies enjoyed
a run of over 200 nights in New York
City, and will be seen here in all its
original splendor. The Rogers Broth-
ers adhere to the policy of retaining
the personnel of their successful or-
ganization intact, thereby, retaining
the confidence of the public. Marion
Stanley, who is well and favorably
known, is the new leading lady.

Baldwin's Geographical Contest ad-
vertisement on page two will not ap-
pear after this issue in the Times-
Democrat.

We owe the young people of this
country the best example and teach-
ing that we chance to know. That's
good advice. Take Hollister's Rocky
Mountain Tea. Tea or tablets, 35c.
H. F. Vorkamp.

Cured of Bright's Disease.
Mr. Robert O. Burke, Elmore, N.
Y., writes: "Before I started to use
Foley's Kidney Cure I had to get up
from twelve to twenty times a night,
and I was all bloated up with dropsy
and my eyesight was so impaired I
could scarcely see one of my family
across the room. I had given up hope
of living, when a friend recommend-
ed Foley's Kidney Cure. One 50 cent
bottle worked wonders and before I
had taken the third bottle the dropsy
had gone as well as all other symp-
toms of Bright's disease." Wm. M.
Melville, old postoffice corner.

WEATHER FORECAST.
Washington, Nov. 24.—For Ohio:
Fair tonight and Sunday.

DEATH OF C. PARMENTER.

The grim reaper, Death, at an
early hour this morning, removed
from his sphere of earthly usefulness,
Mr. Cornelius Parmenter, one of the
veteran editors of this city.

By the death of Mr. Parmenter,
Lima loses one of her most positive
characters—a man whose life-work
has left its impress upon the city.

An uncompromising republican he
was the recognized leader of that
political organization some years
ago when he was actively engaged in
publishing a republican newspaper.
He wielded a trenchant pen, and his
contemporaries regarded him as one of
the ablest editors in Ohio. His judg-
ment in political affairs was excel-
lent, and he was exceptionally well
informed in figures and facts which
related to the various political par-
ties.

He was a man of strong individual-
ity, one devotedly attached to his
family. He was respected in the entire
community by his many friends and
by his political foes. All admitted
him for his sterling worth and his
positive opinions, which he never hesi-
tated to express through his news-
paper or in his conversation.

His fidelity to the republican party
was recognized by two national ad-
ministrations—those of Lincoln and
Grant—by appointment to the posi-
tion of postmaster at Lima, positions
that he filled most efficiently.

In the death of Mr. Parmenter this
city loses a valued and conscientious
citizen, his family loses a devoted
husband and father.

His death is universally deplored.

Chapped hands are quickly cured

THE WORLD OF LABOR
Copyright 1906 by
THE INTERNATIONAL LABOR NEWS BUREAU.
Accuracy Guaranteed by The Associated Labor Press.

FARMERS AND A. F. OF L.

The most important business trans-
action of the Minneapolis convention
of the American Federation of Labor
was the organization of the move-
ment. Regardless of what has or may
be published in this connection, the
arrangement is a limited one only. The
American Society of Equity were com-
monly known as the Farmers' Union,
claim to represent one-seventh of the
population of the entire country. By
the terms of the agreement union mem-
bers pledged to pay into a fund car-
rying the label of the farmers' union,
while the rural unionists will buy only
union made products and agree not
to take the places of union men on
strike. Should the arrangement prove
agreeable to both parties and become
a permanent affiliation it will be the
greatest individual advancement in the
history of organized labor in the United
States.

DETECTIVES AND UNIONS.

A Chicago detective agency has
been caught red-handed in the work of
promoting slugging during strikes. A
Milwaukee concern engaged the Chi-
cago company to break a strike, and un-
fortunately, for the agency, one of its
supposed detectives was a union iron
moulder. Because of their splendid
physique this man and one other were
given the names of union officials
whom they were to slug, the compensa-
tion being \$10 a day. Upon arrival
in Milwaukee the supposed detectives
went to police headquarters, got the
co-operation of the department, sent
for the head of the agency, and when
a pre-arranged fracas was started,
local officers arrested not only the pro-
fessional disturbers, but their chief as
well.

UNION OPPOSES STRIKES.

The Independent Allied Trades Un-
ion, chartered recently at Washington,
D. C., and composed largely of work-
ers in structural and building trades,
has established headquarters in St.
Louis. This union is opposed to the
Building Trades Council, and claims
to be against strikes, especially sym-
pathetic strikes; favors arbitration
and annual contracts with employers.
It declares it will not discriminate
against manufacturers or manufactur-
ed material, and approves the use of
labor-saving machines.

TRADES UNION CONGRESSMEN.

The next congress will have no less
than twelve members who are devoted
and pledged to the advancement of
the cause of organized labor.
This even dozen of national repre-
sentatives come from widely divergent
parts of the country, and they show
a gain of nearly 50 per cent in labor's
quota in congress.

"INJUNCTION MADE OF LEAD."

The head of a Cleveland, O., print-
ing establishment, against whom the
union men are striking, this week dis-
tributed loaded revolvers among his
employees and instructed them to shoot
to kill, if they were approached by
union labor pickets, saying: "We have
injunction made of lead."

Liver and Kidneys

It is highly important that these organs
should properly perform their functions.
When they don't, what lameness of the
side and back, what yellowness of the skin,
what constipation, bad taste in the mouth,
sick headache, pimples and blotches, and
loss of courage, tell the story.
The great alternative and tonic

Hood's Sarsaparilla

Gives these organs vigor and tone for the
proper performance of their functions, and
cures all their ordinary ailments. Take it.

issued an injunction that's made of
lead and can't be broken. He ad-
vised that the company would stand by
the men in case their gun work re-
sulted in damage. Before taking this
action he notified the city authorities
of his intention. The chief of police
says that no action will be taken
against the men for carrying conceal-
ed weapons.

ANSWERS TO CORRESPONDENTS.

(By H. G. Creel, President Inter-
national Labor News Bureau.)
Note.—Limitation of space renders
impossible the answering of all ques-
tions through this department. Each
week Mr. Creel will select and answer
here five or six questions having a na-
tional interest. Other correspondents
will be answered by mail.

O. C. M.—There are 122,844 women
belonging to labor unions in England.
The Garment Workers' Union is the
largest labor organization in the United
States to be composed chiefly of
women.

R. D. R.—P. H. Morrissey is grand
master of the Brotherhood of Railway
Trainmen; has been an organizer for
the union since 1885; he is 44 years
old.

R. C. S.—Organized labor has done
much for the cause of temperance
among workmen. There is proba-
bly no purely philanthropic organiza-
tion which has done more in this di-
rection. In many instances there is
a prohibition clause in the contract
with the employer. Often the rules
of the union declare that an injured
man will not receive the weekly bene-
fit if the injury was sustained while
he was intoxicated. More and more
labor union meetings are being held
in halls which are free from saloons.
Rarely do they meet on Sundays.

H. H.—The American Federation of
Musicians claim to have been the first
labor organization in the United States
to advocate the municipal ownership
of public utilities.

L. A. C.—The remittances to China
made by coolies or laborers at work
in other countries is now estimated
to reach \$50,000,000 annually, includ-
ing \$5,000,000 said to be sent home
by the indentured coolies in the Trans-
vaal mines.

LIVE LABOR NOTES.

(Compiled by U. S. correspondents of
The International Labor
News Bureau.)

Spokane, Wash. Retail Clerks' Un-
ion will soon undergo complete re-
organization, in order that women
may be admitted to the union. The
clerks expect to have one of the
strongest unions in the city.

Portland, Ore., city council is con-
sidering an ordinance providing for a
uniform wage of \$2.25 for city labor-
ers.

Mankato, Minn., Trades and Labor
Assembly has gone on record as favor-
ing a truancy law.

Washington, D. C., cigarmakers have
won a complete victory, and all have
returned to work.

Des Moines, Iowa, street railway
men recently called a strike and 21
hours later 25 professional strike
breakers arrived in the city.

Seattle, Wash., carpenters working
for the city have petitioned the city
council for a wage of \$4 per day.

Philadelphia, Pa., has organized a
union of Italian furniture workers.

Hazleton, Pa., iron workers have
been granted an unsolicited wage in-
crease of 7 per cent.

Omaha, Neb., reports that the Bur-
lington railroad at that point has not
fired its clerks, stenographers and tech-
nical workers that they will be dis-
charged if they join a union.

THE TURNPIKE ROAD TO PEOPLES' HEARTS.
I find,
Lies through their
mouths, or I mis-
take mankind.—
Peter Plader.

INER SEAL

—And the turnpike guide post is the
trade mark of the National Biscuit
Company. It points the way to the food
of quality—biscuits and crackers so perfectly
baked and properly protected; so cleanly
packed and freshly kept, that they never fail to
please in their mission to the appetite and heart.

This trade mark always appears in red and white.
It is placed on each end of a dust and moisture proof
package that keeps the contents in their original condition.

National Biscuit Company products are thus distinguished and
warranted—you are thus protected and guided, in buying the most
perfect of bakery products.

As an example try a package of **GRAHAM CRACKERS**. You will instantly recognize
their superiority over any ordinary Graham crackers you ever tasted. They contain all the good
of the best Graham flour enhanced by perfect baking.

OIL BUSINESS

As Featureless as Can
be Imagined.

Shipments in Older Fields
in Vast Excess Over
Runs From Wells.

WEEK'S WORK AFIELD.

Illinois Field the Most
Promising and Opera-
tors Will Profit.

High Grade Oils Remain
Scarce With Cheaper
Grades Superfluous.

The past week has been one of the worst of the year in the oil fields centering in Ohio, Indiana and Illinois, owing to the excessive rains that covered a large portion of the week, followed by high winds that did a mint of damage throughout the oil producing area.

The oil business at the present time is about as featureless as could be imagined, except that the shipments in the older producing sections of oil are greatly in excess of the runs. This condition is not due wholly to a lack of production, for it has increased faster than facilities could be supplied to take care of it.

Pennsylvania, West Virginia, Ohio and Indiana have been pretty well exploited and nothing but light producers are looked for, with here and there a small undeveloped pool, remains. In Illinois and the territories the same conditions do not exist. All possess large areas of proven producing territory, and it can scarcely be said that any of the new fields have been defined. In neither of the two new territories has the highest possible point of production been reached and the same can be said of the Illinois field.

Under aggressive development work, the western production has been brought to the surface faster than it was possible to erect tankage or transport it by rail or pipe lines from the fields. Operators declined to stop the drill till they saw their tanks running over with crude and the oil running on the ground. Then they wisely took down their tools to await the completion of additional pipe lines in the territories and the connecting up of the Illinois field with a trunk line. It is not claimed by any that the effect to complete the work and that it has been pushed with all possible energy. The experienced operator knows that hundreds of miles of pipe line and the necessary pumping stations to force the oil through the line cannot be constructed in a day.

With development work begun in a rush order in the Illinois field the magnitude of the producing area, or the productiveness of the territory was not anticipated. Many of the old time operators who early visited the field and found nothing but shallow wells, nearly all small producers and an inferior quality of oil, returned to their old stamping grounds without being favorably impressed. Later these same operators returned to the field and paid large bonus money for leases that could have been had for a nominal bonus and a small rental. As development work progressed a lower producing formation containing the better grade of oil and gusher wells were found. The bonus money then paid for leases looked out of proportion to their actual value. However it has now transpired that this is not the case and it is only necessary to point to the investment of more than a million dollars in producing properties in the Illinois fields within the past couple of weeks, with many other large deals pending. The purchase of these properties it must be remembered was not made for speculative purposes, but purely as an investment based on what conservative operators think is the actual value.

The Illinois fields differ from the more eastern fields, and aided in speedily increasing the production as compared with Pennsylvania, West Virginia, Ohio and Indiana. The producing formation is shallow. The wells could be drilled quickly and with less outlay than in the east. Many operators drilled four times as many wells as they would have drilled in the eastern fields during the same time. The result was soon apparent. The production went up by leaps and bounds and was soon beyond control, making a suspension of aggressive development work imperative.

The prospects for operators and producers in the Illinois fields are promising and all things considered it will probably prove the most profitable to investors of any field of

W. M. MELVILLE, DRUGGIST.

LIMA, OHIO.

the late years, and at the same time the shallow sand fields at Nowata, and Coody's Bluff, in the territories must be taken into consideration. One of the greatest advantages has been that the Illinois field offers inducements to the operator of small means as well as the large and the profit on his investment will be in proportion to his holdings. There is now a deal pending in the Illinois field that will represent an outlay of close to three million dollars.

The past week shows a healthy zest of well completed, considering the bad condition of the weather. The wells were distributed by state as follows:

State.	Com.	Pro.	Dry.
Indiana	30	1073	2
Ohio	80	688	22
West Virginia	34	1068	10
Kentucky	6	130	0
Illinois	99	9670	19
Total	249	12629	54

AGED VETERAN

Editor and Printer Died
This Morning.

Cornelius Parmenter's In-
juries Proved Fatal in
One Week.

STRUCK BY A BICYCLE.

He Received Injuries and a
Shock He Could Not
Withstand.

Was Identified With Pro-
gress of Lima Over a
Half Century.

Cornelius Parmenter, the venerable citizen and veteran editor, who has been identified with Lima and its progress for more than half a century, died this morning at 6:30 o'clock, at his late home, 778 west High street, his death resulting from the shock and injuries he sustained a week ago last night when he was struck and knocked down by a bicycle which was being carelessly ridden by some unknown youth on west High street, near the post office corner. At the time of the fatal and deplorable accident, Mr. Parmenter was on his way home from the office of the Lima Advertiser, about 5:30 o'clock in the evening. He did not realize that he was injured at first, and walked, in a dazed condition, to the corner of West and High streets after the accident and then suddenly staggered and fell. He was removed to his home in an ambulance and from that time on the inevitable was hourly expected. He was only fully conscious at intervals and at those times, his evidences of both mental and physical vitality were remarkable, considering his advanced age. The day following the accident his condition became such that the attending physicians could give no hope of recovery and the members of the family who were not in the city and at his bedside, were informed of the seriousness of the patient's condition. From that day on he gradually grew weaker until the end came peacefully and quietly this morning.

Born in New York State. Cornelius Parmenter was born May 5, 1831, in Green county, New York, and died November 24th, 1906, aged 75 years, 6 months and 19 days. He came to Lima in 1854 and purchased the Western Gazette, now the Lima Republican-Gazette, in 1854, and edited that paper until 1885. He was recorder, or city clerk of Lima from April, 1857 to 1860, was appointed postmaster of Lima in Oct., 1861, by President Abraham Lincoln, and was re-appointed by him and continued in office until March, 1867; was again appointed postmaster by President Grant in April, 1869, and held the office until Nov. 8th, 1877.

Mr. Parmenter, on June 16, 1857, in this city, married Mary E. Boyer, daughter of Daniel Boyer, then a resident of Allen county. Eleven children were born to this union, seven of whom, with his wife, survive him. They are: Robert W. Parmenter, proprietor of the Lima Advertiser; Geo. L. Parmenter, now with the Standard Oil Co. at San Francisco, Cal.; Wm. L. Parmenter, Attorney, Lima; Walter C. Parmenter, of the Franklin Printing Co., Lima; Mrs. J. M. Chase, of Dayton, O.; Mrs. W. H. Cleaver, of Everett, Washington, and Fred S. Parmenter, with the Atlantic Refining Co., Ellenton, Fla.

The funeral will be held Tuesday, November 27th, at 10 o'clock a. m., from the residence, 778 west High street.

From the Allen County Atlas, published in 1880, the following appears concerning the entrance of the deceased editor into the newspaper field of Lima:

"In 1855, Parmenter Brothers purchased the Gazette. Harvey soon retired leaving the paper entirely in the hands of Cornelius, the genial neighbor, excellent citizen and intense partisan. Occasionally he would go out but would soon be back, so that one may say the lives of the Gazette and of its' veteran editor have flown on together for full a quarter of an hundred years. And barring his intense politics we hope the paper and the man may go on together until the golden period of fifty years shall be marked upon the title page of the Gazette."

WRESTLING.

Reserved seats sale for the Akerman-Gehring contest opens at the Auditorium box office at 9 o'clock Monday morning. Prices, reserved seats 50 cents, general admission 35 cents.

PEOPLE OF THIS CITY

Are Urged to Read the Following Address Upon a

SUBJECT OF INTEREST

To People Who Hope and Work for Lima's Growth.

Dear Sir and Madam:

Please read all of this note. We ask your influence for larger Lima—that it may continue to grow in name, wealth and culture. The Lima Choral Society has stood for many years, an active agent in promoting art at home; it has an unrivalled record of musical victories in many cities throughout the middle west. Publicity is admittedly a modern principle of progress. This Society has carried the fair fame of Lima far abroad; it has been one of the vigorous means of advertising our city. We have been made known as a musical community—a place where there is public support of culture. It is a fine reputation to sustain. Every good citizen is happy to aid such a reputation. It is a matter of public pride.

On November 30th, Lima will compete at Marion, Ind., with many cities, for large prizes. To win will be a marked honor. The society is strenuously preparing. Let us send forth as Lima's champions, a great body of singers filled with the enthusiasm which comes from mastery of the music, and sustained by the knowledge that the name of our city is at stake—that all Lima is back of them and confidently listens for a victorious verdict.

On November 29th—Thanksgiving Day—in the Congregational church there will be a concert. Let there be standing room only. You will hear the Marion choruses and a fine program including Mrs. Maude McDonald, a distinguished contralto. Will you not attend yourself and earnestly interest your friends. Please telephone for your tickets at once that your interest may be made manifest. Tickets and any information may be had of I. R. Longworth. Admission is but fifty cents. This will furnish the fund to send our singers to Marion. It is an easy plan. You will enjoy a splendid concert, and display that public spirit which makes for better and larger Lima.

Mr. Maude Wentz McDonald, contralto.

Some Press Comments.

"Nothing in the program was more satisfying than the singing of Mrs. McDonald. The glorious music and rich and regal voice of the contralto conspired to make an impression not soon to be effaced."—Columbus Dispatch.

"Mrs. Maude Wentz McDonald was given a genuine ovation, her rich contralto voice completely captivating her hearers. She has a charming personality, and a voice of remarkable range and sweetness."—Dolaware Gazette.

"Mrs. Maude Wentz McDonald, the contralto, sang herself at once into an exalted place in the estimation of her auditors."—Toledo Times.

"Mrs. Maude McDonald's songs were equally pleasing. Her voice is as deep and rich as any contralto ever heard here. Always a beautiful organ, much cultivation has brought it to an unusual degree of

Newbro's Herpicide.

BE ATTRACTIVE.

Pretty hair is a necessary aid to attractiveness, and contagious and progressive. It requires prompt and continued attention to overcome it and keep it out of the scalp. Newbro's Herpicide will accomplish all this when it is used intelligently. Herpicide will not perform miracles; it will not force you to abandon whatever unsanitary habits are responsible for your scalp trouble, but by its effectiveness, it will aid you to have the beautiful hair that Herpicide users are noted for. It stops itching of the scalp almost instantly.

Just as soon as the natural glossiness of the hair begins to fade, it shows that there is trouble in the scalp and that dullness, brittleness and lusterlessness of the hair will come and be followed by dandruff, itching scalp and falling hair.

An invisible vegetable growth (the dandruff germ) in the scalp causes dandruff, and the disease is both

WELSH CHOIR

Entertainment Proved a Great Treat.

Big Audience Greeted the Singers and Applauded Every Number.

SOLO WORK WAS FINE

And the Singing of the Choir Was Equal to Any Ever Heard Here.

Young Coal Miner Tenor Proved a Favorite of the Evening.

The visit of the Royal Welsh Male choir to Lima was an event that was greatly enjoyed by a magnificent audience which greeted the singers at the opera house last night, it was an event that was worthy of all the patronage it received and it was a musical treat that will long be remembered by all who were present. The work of both choir and soloists was simply grand and the fact that the splendid singing was appreciated by the audience was demonstrated by the storms of applause which followed the conclusion of each number. In the audience were hundreds of Lima lovers of music and scores of people from Gomer, Delphos, Van Wert, Venedocia, Ada, and many other neighboring towns and all were well repaid for their expense and trouble in attending the concert. From the beginning of the very first number, which was Cook's "Strike the Lyre," the choir had the audience

TONIGHT IS Your Opportunity
To Visit the Exhibition
Opening of the Whitney
and Currier Co.
211-213 W. HIGH ST.

Your friends and neighbors have mostly called but we are not satisfied unless every man, woman and child in Lima, who is attracted by music, has seen inside our rooms at this time.

It has been our intention to make it attractive for these few days and also to entertain you while you are looking around.

At no previous time in the history of Lima have so many strictly high grade pianos been assembled under one roof and at no previous time could you see so many beautiful case designs as at present exhibited in our ware rooms. The main object of our exhibition opening is to convince the public of the superior line of pianos handled here as well as to show conclusively that our prices are the lowest. We arranged this special display with a view of entertaining all callers and they have expressed themselves as delighted with the result, while we have been agreeably surprised by the number of sales that may be indirectly traced to this opening. We believe in advertising in a conservative manner. We believe in giving each purchaser his or her money's worth. We believe in keeping all promises made, but our experience has taught us that we can't get something for nothing no matter how alluring the prospect may be.

May we simply ask that those who have not yet called will accept the opportunity tonight.

THE WHITNEY & CURRIER COMPANY.

captivated. The conductor, William Thomas, proved very effective in his work his interpretations being perfectly understood and efficiently executed by the members of the choir. For an encore to the opening number the sang a beautiful Welsh air "Men of Harlech" which was instantly recognized and applauded by the many Welsh people in the audience.

Perhaps the greatest realizations of the evening, so far as the choir was concerned, were those of Price's "Cass" (Sleep) and the musical jest, "Italian Salad," by Gerne. The former number was sung unaccompanied and the blending of the 29 voices was marvelous. No one voice stood out in any prominence unless it was in the rendition of a solo part and yet each filled its place in the aggregate volume of perfect and delightful harmony. The voices also held the pitch throughout the rendition without a shade of variance that could be detected. In the encore to this number Mr. Todd Jones was brought into the foreground as a favorite of the audience, singing "Kilmarney" in a magnificent, rich tenor voice that had a subdued humming accompaniment which the other members of the choir rendered admirably.

While the singing of Mr. Todd Jones was one of the principal treats of the evening, the other soloists were sufficiently far enough above the ordinary to be greatly enjoyed and splendidly appreciated by the auditors. Miss Cove, the soprano, was suffering from a slight cold and her voice seemed to be a trifle unsteady and uncertain when she began her first number on some low tones. Her higher tones were marvelously clear and musical, however, and her enunciation was exceptionally clear, especially in the rendition of her encore "Daddy." Her duet with Mr. Jones was one of the most beautiful songs and one of the musical gems of the evening. They sang "A Night in Venice," one of Lucciano's compositions.

Miss Hall, the contralto, proved to possess a very pleasing voice in which the lower tones were exceptionally beautiful and clear. Her enunciation was also very good, in fact that was a characteristic feature with all of the singers of the organization.

One fact in connection with this wonderful organization which seems almost incredible is that the members of the choir including the male soloists, are all working people who are now only absent from their home town in Wales on a three months' leave of absence which will terminate in December. For instance, Jones, the splendid tenor, a miner who up to this trip to America, has always earned a livelihood by working in a coal mine. Most of the other members of the choir are also engaged as laborers in the mines. The director, Mr. Thomas, who is recognized as one of the leading musicians of Wales and who is probably the most prominent and popular musician in the country, holds the dignified position of truancy officer in his home town.

IN THE COURTS

Commissioners Accept- ed Estimates.

What Deputies and Assistants Will Cost the County.

BASED ON LAST YEAR

Careful Consideration Given and Estimates Allowed.

Mr. Conrad Will Be Given Certificate for Two Years.

The county commissioners after a careful consideration of the estimates filed by each county official under the new salary law today allowed them as filed, and the estimates for clerk hire, deputies and stenographers are as follows:

Auditor, \$2,500; treasurer, \$2,150; recorder, \$2,000; probate judge, \$2,500; clerk, \$2,000; sheriff, \$2,000.

Last year it cost the treasurer \$2,149.25; the sheriff \$1,620; the clerk \$2,892 and the probate judge for a partial year \$1,860.

VAN WERT BOY FREE

Delphos Attorney Secured His Acquittal in Minnesota.

Attorney W. S. Kimball, of Delphos, returned Thursday night from Duluth, Minn., where he has been for the last three weeks defending Chester Armstrong, against whom the Great Northern railroad company had brought an action charging him with train wrecking. Armstrong is a young man 23 years old and is a son of Mrs. Jas. Seitz, of near Middletown. He secured the acquittal of the young man from the serious charge.

HIS OWN FATHER-IN-LAW

Caused the Arrest and Young Man is Bound Over.

August Miller, who was arrested several days ago at Delphos on a warrant sworn out by his father-in-law F. L. Heisterman, charging him with assault and battery, was given a hearing in mayor's court and has been bound over to the Allen county grand jury.

FOR TWO YEARS.

Commissioner Conrad Can Only Hold Certificate for that Period.

The question regarding the new law covering the terms of county commissioners has been differently construed in different sections of the state. In Champaign county the question was raised and the clerk of the election board, wrote Secretary of State Laylin regarding the matter and the following is the reply as published in the Champaign Democrat, which has local significance to the election of Commissioner Conrad in this city.

Columbus, O., Nov. 19, 1906.

E. W. Kite, Clerk Deputy State Supervisors, Urbana, Ohio.

Dear Sir:—Reply to your inquiry of Nov. 17:

The certificate of election of a county commissioner at the November election of 1906 should be for a term of two years beginning on the third Monday in September, 1907. The supreme court has held that the amendment to Section 839, fixing the com-

BAZAAR WILL CLOSE

Tonight the Last of the Splendid St. Rose Enterprise.

WAS GREAT SUCCESS

And Receipts May Equal Those of Fair Two Years Ago.

The Bazaar at St. Rose will close this evening, the week having been one of marked success in educational, literary and financial ways.

Some splendid literary programs have been enjoyed by the hundreds who have attended. More pains had been given to proper decoration of all the booths than ever before, and the articles in them was of a much higher degree of handwork than in the past. The need work was especially commended by all visitors.

Two years ago a similar bazaar at St. Rose parish, netted the neat sum of \$1,600. This year the managers expect as great if not a greater financial success. Many of the booths have been almost emptied from the purchases, but the bazaar is yet a most interesting place to visit.

We have secured the agency for Orino Laxative Fruit Syrup, the new laxative that makes the liver lively, purifies the breath, cures headache and regulates the digestive organs. Cures chronic constipation. Ask us about it. Wm. M. Melville, old post-office corner.

Deaths From Appendicitis decrease in the same ratio that the use of Dr. King's New Life Pills increases. They save you from danger and bring quick and painless release from constipation and the ill growing out of it. Strength and vigor always follow their use. Guaranteed by H. P. Vorkamp, druggist, 25c. Try them.

PNEUMONIA FOLLOWS A COLD but never follows the use of Foley's ointment and Tar. It stops the cough, heals and strengthens the lungs and prevents pneumonia. Wm. M. Melville, druggist, old postoffice corner.

Cures baby's croup, Willie's daily colds and bruises, mamma's sore throat, grandma's lameness—Dr. Thomas' Electric Oil—the great household remedy.
